

## **Code of Conduct for School Governing Bodies (2017)**

This code sets out the expectations on and commitment required from school governors in order for the governing body to properly carry out its work within the school and the community.

### **The governing body has the following core strategic functions:**

Establishing the strategic direction, by:

- setting the vision, values, and objectives for the school
- agreeing the school improvement strategy with priorities and targets
- meeting statutory duties.

Ensuring accountability, by:

- appointing the headteacher
- monitoring the educational performance of the school and progress towards agreed targets
- performance managing the headteacher
- engaging with stakeholders
- contributing to school self-evaluation.

Ensuring financial probity, by:

- setting the budget
- monitoring spending against the budget
- ensuring money is well spent and value for money is obtained
- ensuring risks to the organisation are managed.

### **As individuals on the governing body we agree to the following:**

#### **Role and Responsibilities**

- We understand the purpose of the governing body and the role of the headteacher.
- We accept that we have no legal authority to act individually, except when the governing body has given us delegated authority to do so, and therefore we will only speak on behalf of the governing body when we have been specifically authorised to do so.
- We accept collective responsibility for all decisions made by the governing body or its delegated agents. This means that we will not speak against majority decisions outside the governing body meeting.
- We have a duty to act fairly and without prejudice, and in so far as we have responsibility for staff, we will fulfil all that is expected of a good employer.
- We will encourage open governance and will act appropriately.
- We will consider carefully how our decisions may affect the community and other schools.
- We will always be mindful of our responsibility to maintain and develop the ethos and reputation of our school. Our actions within the school and the local community will reflect this.
- In making or responding to criticism or complaints affecting the school we will follow the procedures established by the governing body.

- We will actively support and challenge the headteacher.
- We are aware of the seven Nolan Principles of Public Life.
- We will accept and respect the difference in roles between the governing body and staff, ensuring that we work collectively for the benefit of the organisation.
- We will respect the role of the headteacher and senior leadership team, and avoid any actions that might undermine such arrangements.
- We agree to adhere to the school's rules and policies and the procedures of the governing body as set out by the relevant governing documents and law.
- When formally speaking or writing in our governing role we will ensure our comments reflect current organisational policy even if they might be different to our personal views.
- When communicating in our private capacity (including on social media) we will be mindful of and strive to uphold the reputation of the organisation.

## **Commitment**

- We acknowledge that accepting office as a governor involves the commitment of significant amounts of time and energy.
- We will each involve ourselves actively in the work of the governing body, and accept our fair share of responsibilities, including service on committees or working groups.
- We will make full efforts to attend all meetings and where we cannot attend explain in advance why we are unable to.
- We will get to know the school well and respond to opportunities to involve ourselves in school activities.
- We will visit the school, with all visits arranged in advanced with the headteacher and undertaken within the framework established by the governing body.
- We will consider seriously our individual and collective needs for training and development, and will undertake relevant training.
- We accept that in the interests of open governance, our full names, date of appointment, terms of office, roles on the governing body, details of other schools governed, attendance record, category of governor and the body responsible for appointing us will be published on the school's website.
- In the interests of transparency we accept, where appropriate, that information relating to governors will be collected and logged on the DfE's national database of governors Get Information About Schools (GIAS).

## **Relationships**

- We will strive to work as a team in which constructive working relationships are actively promoted.
- We will express views openly, courteously and respectfully in all our communications with other governors, the clerk to the governing body and school staff both in and outside of meetings.
- We will support the chair in their role of ensuring appropriate conduct both at meetings and at all times.
- We are prepared to answer queries from other governors in relation to delegated functions and take into account any concerns expressed, and we will acknowledge

the time, effort and skills that have been committed to the delegated function by those involved.

- We will seek to develop effective working relationships with the headteacher, staff and parents, the local authority and other relevant agencies and the community.
- We will use social networking sites responsibly and ensure that neither our personal/professional reputation, nor the school's reputation is compromised by inappropriate postings.

### **Confidentiality**

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of staff or pupils, both inside or outside school.
- We will exercise the greatest prudence at all times when discussions regarding school business arise outside a governing body meeting.
- We will not reveal the details of any governing body vote.
- We will ensure all confidential papers are held and disposed of appropriately.

### **Conflicts of interest**

- We will record any pecuniary or other business interest (including those related to people we are connected with) that we have in connection with the governing body's business in the Register of Interests, and if any such conflicted matter arises in a meeting we will offer to leave the meeting for the appropriate length of time.
- We accept that the Register of Interests will be published on the school's website.
- We will declare any conflict of loyalty at the start of the meeting should the situation arise.
- Similarly, we will declare any personal interest, such as friend and family connections, and offer to leave the meeting for the appropriate length of time.
- We will act in the best interests of the school as a whole and not as a representative of any group, even if elected to the governing body.
- We understand that the requirements relating to confidentiality will continue to apply after a governor leaves office.

### **Breach of this code of conduct**

- If we believe this code has been breached, we will raise this issue with the chair and the chair will investigate; the governing body will only use suspension/removal as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.
- Should it be the chair that we believe has breached this code, another governor, such as the vice chair will investigate.

### **The Seven Principles of Public Life**

(Originally published by the Nolan Committee: The Committee on Standards in Public Life was established by the then Prime Minister in October 1994, under the Chairmanship of Lord Nolan, to consider standards of conduct in various areas of public life, and to make recommendations).

**Selflessness** - Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

**Integrity** - Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

**Objectivity** - In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

**Accountability** - Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

**Openness** - Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

**Honesty** - Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

**Leadership** - Holders of public office should promote and support these principles by leadership and example.
